As you can see there are many places in the centre of the Opole, where you can eat.

1. If you are not afraid of self-service you definitely ought to try with your friend (friend will look for the table, when you will be in a que) French pancakes in Grabówka. Low price and the pancake prepared just before you. You can pick something from the menu (<https://www.grabowkanalesniki.pl/menu/>) or compose your own pancake with available ingredients (the best compositions can be added to the menu of the restaurant). To the pancake I would suggest a salad and 'Kubuś' (dense carrot-fruit juice) :-).
2. If you are interested in local, Silesian cuisine you can try „Biesiada Opolska” (<https://biesiadaopolska.pl/menu/>) .
3. If you are afraid of local cuisine and are looking for something cheaper you can go to level 2 of the 'Solaris' shopping centre where you can find e.g. franchise restaurant as McDonalds (<http://www.solariscenter.pl/sklepy/artykuly-spozywcze-stefa-smaku/mcdonalds,106>) , KFC or 'DekaSmak' (Polish franchise where the price per 100g is fixed and you decide what you want to eat).
4. 'Radiowa' restaurant offers interesting cuisine, with names of the dishes associated with radio journalism (<http://www.radiowa.opole.pl/index.html>). Usually not crowded, quiet place. Also interesting choice of Polish beer.
